

**REMARKS**

This amendment supercedes the amendment filed on December 1, 2005. Applicants request entry of this amendment prior to issuance to insert the omitted ATCC number assigned to B. Pertussis strain BP536pWY. Applicants provide a declaration filed in allowed application serial no. 09/825,769 that explains the availability of the deposit and includes the ATCC certificate that shows that BP536pWY has been assigned accession number PTA-3254. Applicants request issuance in due course.

Respectfully submitted,

John P. Isaacson
